

New Zealand Secondary Schools  
Athletics Association

National Secondary School  
Cross Country Championships

**A 40 YEAR HISTORY**

# INTRODUCTION

*The New Zealand Secondary Schools Athletics Association is proud to publish a forty-year history of the New Zealand Secondary Schools Cross Country Championships. Participation in the event between 1974 and 2013 totals well over 10,000 athletes from all but a handful of schools from around the country. With an annual involvement of over 1000 students it has become one of the largest secondary school sporting events in New Zealand.*

*The idea for this document was born during the 1995 NZSSCC Championships in Masterton. At this time (before the internet), results were published in a hard copy booklet. In this particular year the first three place getters in the individual, and three and six person team categories were published for the first twenty-one years of the events history. This accompanied the full set of 1995 results. After this event, the majority of results were published electronically. Unfortunately, many of these results were lost in the mid to late nineties because there was no dedicated NZSSAA website.*

*Sincere thanks need to be given to Don Chadderton for providing the first twenty years' of results. Without these early results a significant part of athletics New Zealand's history would have eventually been forgotten. These include the 1974 performance of Alison Rowe, who would later go on to win both the 1981 Boston and New York marathons. As well as Burnside High School's 1978 performance in the junior boys event where they completed the perfect three-man score of six points.*

*Results from the last twenty years came from a number of sources and highlight names more familiar with today's youth and the growth of triathlon. In 1988 and 1995 respectively Olympic gold and silver medalists Hamish Carter and Bevan Docherty placed in the senior boys event. The most successful middle and long distance runners New Zealand has produced in recent years, Nick Willis and Kimberly Smith, have also featured in the NZSSCC championships.*

*Finally, the event has continued to evolve. Starting off in 1974 with two age groups and one three-person team category (five-person for the senior boys). The event introduced a three and six-person team category in 1981 for the senior boys that was then extended to all age groups in 1985. Similarly, in 2001 a Year 9 age group was added.*

*Hopefully, this collection of names and performances will help revive memories for a number of past athletes, parents, coaches and managers. It intends also to help inspire the current generation of secondary school athletes to represent not only themselves, but also their school, and for some, their country with the greatest level of pride.*

*Brad Smith*
