Unofficial results arrive on the AthleticLive website instantly at the completion of each attempt. This means no waiting till the end of a competition for results to be uploaded. Results can be accessed for free from any device with an internet connection and the ability to open a website. Track results also have times which are updated instantly as photo finish judges analyse the image. Once results are confirmed official results are uploaded and marked as such.

Track Meet Mobile App (iPhone and Android)

This will be set up when timetable is finalised and will be updated automatically at conclusion of each round of track events and when results for field events have been entered into Meet Manager.

Notes:

Search for Hamilton to find the NISS Championships 2021

This App is free to download, which will allow you to search for a meet, and view the meet programme, which shows the meet location, a scheduled order of events, and the athletes and teams who are competing – available only at meets where meet hosts and officials support the publication of results to mobile with HY-TEK Track & Field Meet Manager.

If you purchase a subscription (\$US5.99 for 1 year or \$US1.99 for 1 month), you will get meet results, including times, marks, order of finish, wind readings, field series, and more.
