

Managers'/Technical Meeting

Prince Edward Auditorium Wanganui Collegiate School 6:30pm

The meeting management would prefer written questions so that due consideration can be given before the meeting. This allows us to group questions together on common themes and therefore save valuable time at the meeting. Questions should be emailed to amcnab@collegiate.school.nz and should be in our hands by Thursday 6th December at 6pm.

**A reminder to Managers that the deadline for scratchings is
Wednesday 5th December 5:00pm. After that deadline any
scratchings will be considered as a scratching for the whole meeting.**

Warm up facilities are as follows:

- Wanganui City College – two blocks away from main entrance
- Wanganui Army – one block away from Maria Place entrance (Throws)
- Velodrome – asphalt area two minutes walk from the call room
- The Pole Vault run up area on Sunday when there are no Pole Vault competitions

The call room is located at Sport Wanganui (just behind the 200m start). Track events must report no later than 20 minutes before the scheduled starting time for the event. Field events must report 30 minutes prior to the event. Both groups will be escorted to the start area and in the case of field events it is hoped that the athletes will have up to 25 minutes practice time prior to their event. (This is dependant on the previous event being completed).

In 100m and 200m, up to four rounds have been scheduled if after scratchings numbers decrease a round maybe eliminated. In the case of 200m the eliminated round will be on Saturday. Information regarding this will be given at the technical meeting as some events maybe reduced by scratchings on Wednesday. Managers are urged to declare all known scratchings by Wednesday to help in this respect.

Sport Wanganui is also the medical centre for the meeting.
