The NZSSAA Team at the Australian All Schools Championships in Brisbane on 12th and 13th December 1981, of 20 athletes selected from the NZSSAA Championships in Hamilton competed with noteworthy success. In Brisbane Competition results speak for themselves.

The many intangible little things that give a group character added together to make this team one to be proud and happy to be associated with.

Their Australian hosts all commented favourably upon the maturity and attitude of the team and one note addressed to the team management concluded -

" is a top young lady, a credit to herself, her family and to the New Zealand Team. We are sorry to see her go. "

That, in a nutshell, summed up the feelings of all of those associated with all members of the team, each of who represented their families, their schools and the two thousand athletes from which they were selected with great credit.

We, the Team Management wish them well in their athletics, and whatever else life offers them in the future.
