

A SPORTING CHANCE SHOULDN'T COST A PACKET.

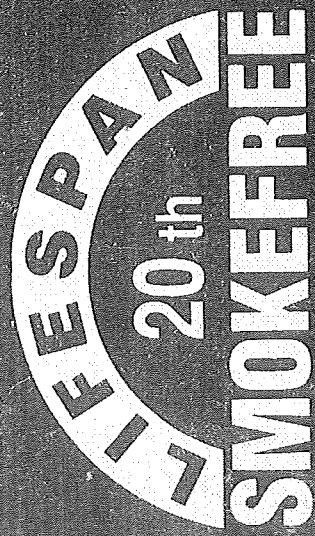

The Health Sponsorship Council's Lifespan Smokefree programme provided an alternative to tobacco industry funding for sports groups.

Since its inception, the Health Sponsorship Council has provided financial support to a host of New Zealand sporting endeavours.

The cost of tobacco sponsorship has often been the health of New Zealanders, young and old.

And that price is too high.

The Health Sponsorship Council, paying the acceptable price for a healthy New Zealand.

ATHLETIC ASSOCIATION (NZSSAA)

A BIG THANK YOU ...

The organisers of the 1993 20th Life Span Smokefree New Zealand Secondary Schools Cross Country wish to thank all competitors, team officials and those who helped out on the day. And what a wonderful day it was.

Your co-operation was tremendous. It really helped to make our job easier, and helped to make the event a great experience. We hope you enjoyed it too.

Thank you also to whoever arranged the sunshine after the diabolical previous two days of wind and torrential rain.

ERRATUM & AU REVOIR

- A computer system of results depends on 171 managers and coaches being precise and correct in all they do. Unfortunately that didn't happen and made our life quite difficult. eg. Managers issued wrong numbers to people in some grades.
- Senior girls ran with senior boys numbers, 4 junior girls ran with junior boys numbers, junior girls ran with senior girls numbers and so on ... incredible.
- In both the junior boys and girls races the times after the first 50 placings are perhaps not totally accurate due to the congestion over the finish line. However they are close.
- ALL places have been manually checked for each race against the place cards in each schools result envelope. This revealed quite a large number of errors from the computer printout. The finishing order in this result book is thus based on this check whereas the team result is based on the initial computer printout. I am not prepared to spend time changing all the teams race results. The enthusiast can do that but a check reveals no change among the medallists.
- I make an appeal to all schools and managers for 1994. Please make the life of organisers easy by doing your job properly next year. We even accepted entries the day before rather than penalise athletes for their schools inefficiency!!
- However the 26th June was still an amazing experience. Not one I would like to repeat every year. A logistical challenge that I and the team at St Peter's School Cambridge thoroughly enjoyed. Thank you all for travelling to St Peter's School and taking part in a truly magic event. Best wishes to all for a great time at St Kevins Camaru next year.
