When you use the assigned user name and password you can login to the online entries for your school or region.

For Otago and Southland schools, athlete details have been pre-loaded. On the *Athletes* page, click on each athlete who will be competing at this competition, select the events and click *Save*. Only events an athlete has qualified for can be selected. Confirm your selections on the *Current Entries* page.

For the regional selectors, spoof each school by the usual process to complete the entries. Unless you have provided the name, date of birth and gender for an athlete, the event menus will not be propagated with eligible events. Athlete details from your regional meet have been pre-loaded, or in the case of Tasman, from last year's SI event.
