Young Olympian Classic Tour

3rd January

Dear Tour Member

The purpose of this Newsletter is to confirm your tour option, accommodation and travel details and to invoice you for the balance of the payment. Please check through the attached form and complete areas that have not been completed and correct any errors. *This is vital* as we are dealing with almost 40 different tour plans. A stamped addressed envelope has been enclosed for a prompt return.
I also enclose entry forms for the Classic Meetings that should be returned to me. Please note that the entry fee for forms returned is included as part of the YOC fee. Middle Distance runners on Option 1 I have enclosed in addition a form for Wanganui as you might consider competing in the Junior Miles there where prize money is offered.

A later January letter will include all Accommodation details including contact details.

Costs

The cost has a built in contingency fund and there will be a refund if we come inside the budget. The good news is that Hastings and Wanganui accommodation and meal costs have come down from $80 to $ 70/ night and that the Wellington cost has come down from $ 90 to $75.
Module 1 Accommodation /Meal   2 days @ $70 2 days at $ 75   total $ 290 *
Module 2 Accommodation/Meals   1 day @ $75   4 days at $70   total $ 355 *
If you choose to stay in Wellington on the Sunday it will be another $50 (distance runners may wish to do this as Nick Willis is speaking to the group on Sunday evening).**If you are taking this option please indicate on the form for return.**
Module 3   total $570*

* This excludes travel and YOC/Team fee (see below)

The YOC/ Team fee remains at $100. This will include entry to the Meetings for athletes who return their entries to me

The travel cost has been estimated at $100 / person. This might be reduced when I have the final personal travel arrangements from all YOC Tour participants.

Final payment is due prior to joining the Tour

I look forward to meeting you all later this month.

Best wishes   Alec McNab 03/01/12
